## Mission Statement

- Yearning for exploring and extracting the gems from the vast ocean of knowledge.
- Keenness and openness for probing the new and the unknown.
- Vision of liberal humanitarian, scientific and truly democratic values.
- Ability to handle the stresses of life.
- Zeal towards accumulating the dividends of ICT.
- Healthy competitive spirit for shaping professional careers and carving out road maps for both employment and self employment.
- Earnestness to tap the benefits of own socio - cultural heritage.

## Transition from Compulsion to Choice Based System

Indian Higher Education (HE) system has gradually been witnessing transitions from the conventional compulsion based education system to option holding or choice based education system. Some of the Indian Universities have already been following this choice based system in some of their PG and UG programmes.

Indian HE has already experienced transition from annual to semester based system. That was very much essential to keep pace with international educational pattern. However, it is often very common concern raised by different quarters that our HE system produces young minds lacking knowledge, confidence, values and skills. It could be because of complete lack of relationship between education, employment and skill development in conventional education system. Further, the unhealthy student teacher ratio supports greatly this kind of concern, which needs to be addressed.

To overcome the concerns of the present alarming situation, the UGC has directed the Universities under its jurisdiction to follow the new Choice Based Credit System (CBCS) followed by the directives of MHRD, GoI. Through its published guidelines on CBCS, the UGC explains the necessities for transformation and/or redesigning of education system.

As said in the UGC guidelines - "Majority of Indian HE Institutions has been following marks or percentage based evaluation system, which obstructs the flexibility for the students to study the subjects/courses of their choice and their mobility to different institutions. There is need to allow the flexibility in education system, so that students depending upon their interests and aims can choose inter-disciplinary, intra-disciplinary and skill-based courses. This can only be possible when CBCS, an internationally acknowledged system, is adopted. The CBCS not only offers opportunities and avenues to learn core subjects but also exploring additional avenues of learning beyond the core subjects for holistic development of an individual. The CBCS will undoubtedly facilitate us benchmark our courses with best international academic practices. The CBCS has more advantages than disadvantages."

Accordingly, there needs larger participations for total innovations and development of holistic and learner-centric approaches in the entire education delivery mechanism, so as to maintain globally followed evaluation system as well. So, let us come, join and contribute in the new education system for the betterment of our next generation.

### Quality Assurance

Education is now in the verge of privatisation. It has almost completed in the primary, secondary and higher secondary level already. So the institutes of higher education are now in a position to compete with those which has already privatised. The quality building and its maintenance is a big challenge therefore. Infrastructure, quality teaching, post selling service in the form of placement practices are all a part of this. To meet this challenge, each and every stockholder must be careful and work together with a strategic plan to achieve this quality with a constant effort.

Changes in the educational model is very much essential. Changes in the traditional curriculum of the universities and colleges, introduction of new teaching/learning approaches which enable the development of critical and creative thinking should be incorporated. Interdisciplinary and trans-disciplinary approaches should be taken. Introduction of CBCS system, which provide freedom to the learners may be an optimistic step towards this. The goal of higher-education institutions must be relevant and should have a clear vision and that must be seen in their service to society. The research activities must anticipate social needs and their finding must be shared with society through proper knowledge-transfer. Higher education institutes must acquire or adopt many more modern characteristics like these in order to bring quality assurance for survival.

### Few Words from Convenor

On behalf of the prospectus committee I heartily welcome one and all to Jagiroad College, promising institution of Assam. We the prospectus committee members take the responsibility to prepared the prospectus of the college for the year 2018-19 through the light on the vision and mission of the college in the year 2018-19. Ours is a B+ NAAC accredited college having CGPA 2.71 (2016). It provides various programmes on Arts, Science, Commerce and Vocation under ARBEC and GU. It also offers PGDCA and Masters programme in Tourism and Travel Management. The college also gives opportunities through open and distance programmes both in UG and PG through IGNOU, GU-IDOL and KKHSOU to those who could not continue their study in regular mode. Apart from conventional courses, few skill based programmes like Accting, Retail Management, Fashion Technology and Paper Technology are also been offering for the last four years. The teachers of the Institution are devoted to their duties very much. Therefore it is a right choice to admit here at jagiroad College. The campus of the college attracts every body who enter the college for the first time. The campus is totally green and so beautiful that catch the eye of the beholders.

The college is flourishing day by day under the leadership of a dynamic Principal and also the staff members of the college. So, I welcome you again to this beautiful institution. All the best.

Thank you all.

## JAGIROAD COLLEGE A PROFILE

Jagiroad College (the erstwhile Kapili Anchalik Mahavidyalaya) was established on 8th August, 1979. The College is located at Jagiroad, a gradually developing semi-urban conglomeration of Morigaon district of Assam, at a distance of barely one hundred meters from the NH 37. The serene campus, spread over a spacious area of twenty-five bighas of land, is nestled by the picturesque Sonaikuchi Hill. Culturally it lies very close to Na-Khola—the abode of the Prince Regent of the ancient Kingdom of the Tiwas—one of the tribes of the state endowed with its distinctive indigenous life-world. Jagiroad College was established by a group of foresighted and committed social-workers of the region. Shri Mahendra Ahom, the founder Principal and presently the President of the College Governing Body played a pivotal role for seventeen years in the development of the College. Through his enthusiasm, vigorous spirit and generous approach, the College was able to attract students from the surrounding rural hinterlands who were mostly the “first generation” learners belonging to socio-economically disadvantaged and marginalized communities. Shri Ahom laid the foundation of academic and infrastructural blue print of the College while inspiring the teachers to promote the cherished values of inclusiveness and equity without losing sight of qualitative parameters. During his tenure both the Arts and Science Streams of the College were brought under the “deficit-grant-in-aid” system of Government of Assam following affiliation of its programmes and courses by the Gauhati University and it became eligible for developmental grants under sections 2(f) and 12(b) of the UGC Act 1956.

Dr. Altafur Rahman served as the Principal for eight years between 2000 and 2008 and as the President of the G.B. for five years. During Dr. Rahman’s tenure the College was accredited and assessed by the NAAC and career oriented professional programmes like MTM and PGDCA (under Gauhati University), distance education programmes under IGNOU, tie-up with NBIRT for promotion of entrepreneurship were started. He also worked towards further expansion of infrastructural facilities like construction of hostels, expansion of library and computer centre. During Dr. Rahman’s tenure, the College also celebrated its Silver Jubilee in 2005 with enthusiasm and gaiety with active coordination of a large number of its alumni. The same year the College came under the ambit of the Assam College Employees (Provincialisation) Act, 2005. Besides Dr. Rahman, one of the former Vice Principals- Shri Utpal Moni Phukan served as the Principal-in-charge in two phases.

Dr. Bhaben Chandra Neog, the present Principal of the College started off his tenure by launching programmes and courses like Bachelor in Commerce (B.Com. with both Major and General Courses), Advanced Diploma in Construction Works (ADCW) etc. It is under the initiative of Dr. Neog that the college has also introduced a few innovative and employment - generating courses with the financial support from the University Grants Commission (UGC). These courses are included in two different schemes of the UGC. Of these, the Pulp and Paper Technology (PPT) and Fashion Technology were introduced under the Community College Scheme and the Retail Management and the Entertainment (Acting) were launched under the Bachelor of Vocation (B.Voc.) scheme (with due permission from Gauhati University). Memorandums of Understandings (MoUs) have been signed by the college with the Industry partners/ Institutions like Nagaon Paper Mill of Hindustan Paper Corporation, Indian Institute of Fashion and Textile Technology, Guwahati, Xavier Institute of Information Technology (XIMIT), Guwahati, Dr. Bhabendranath Saikia Children Welfare Trust (AAROHAN), Janambhumi Groups of Hotels and Resorts, Koyeli Tours and Travels, Excel Construction, Oasis Construction etc. to empower the students in skill and related activities. Regional Govt. Film and Television Institute (RGFTI) located at Kahilipara, Directorate of Tourism, Assam added support to the students. They have encouraged the endeavours in implementing courses to generate skilled human resources for the society. During the last five years, the college could see many new additions in terms of academic as well as in infrastructural fronts. Apart from regular courses and skill based courses, Distance Education courses have also been introduced for the needy students. Those who could not avail higher education

in time can now make their dreams realized through GU-IDOL study cum exam center located at the college. Further, keeping in mind the deprived students who could not enroll themselves in UG courses as regular students because of many constrains, they now make their dream fulfilled through the study cum exam center of KKHSOU opened later in the college campus. The college has been putting utmost emphasis upon infrastructural facilities. Process of upgradation of the class rooms has been going on and three classrooms have already been upgraded as digital class rooms. A Digital Language Laboratory has been added to the Computer department for the students seeking development of English language skills. A 50 KW Solar power plant has been installed in the college to meet the shortage of power supply for the smooth running of the academic and other day-to-day activities. The college has also completed establishment of its digital library building. Jagiroad College, since its early days, has been in the forefront in promoting inclusiveness and equity, adopting learner-friendly teaching-learning mechanisms, academic exchanges and organizing seminars and conferences. In the past, the college successfully organized annual/biennial sessions of NEIHA, NEIGS and AACEA apart from having regular calendar of seminars by the Seminar Forum and holding State and National level seminars on different topics/subjects. Dr. Subhash Saha, a faculty of the History department, carved a niche for himself as a multifaceted scholar-poet- social activist and was engaged in Post Doctoral research till his untimely demise in 1994. Prof. Moloya Goswami, who has retired from her service, bagged the Best Actress Award of the 37th National Film Awards in 1992 for her stellar role in Jahnua Barua directed movie Firingoti (A Spark). She was also thrice nominated as a member of the prestigious Jury for the National Film Awards. Prof. Tulshi Bordoloi, a faculty of the History Department and a former President of the Tiwa Mathonlai Tokhra (Tiwa Sahitya Sabha) acts as a key resource person regarding studies in the cultural and literary heritages of the Tiwas. Teachers of the college are also being engaged in Major and Minor research projects funded by the DST, UGC etc. besides being awarded Ph.D. and M.Phil. degrees from universities of repute and institutes of national importance. A section of the teachers are also actively engaged in local literary, cultural and sports organizations besides offering assistance and consultancy to media and community based organizations. Sections of the non-teaching staff too are sincere and committed in their services, IT savvy and actively engaged in furtherance of the vision of the college.

With its pleasant and peaceful teaching-learning ambience, a committed teaching staff—some of whom have earned academic and other laurels, a supportive alumni— many of whom have successfully shaped and carved out their careers, excellent infrastructural facilities, a reasonably high rate of gender parity, a wide array of full time academic programmes and courses ranging from Higher Secondary to Master in Tourism Management, excellent support for affordable and broad-based Distance Education under IGNOU, KKHSOU and IDOL of Gauhati University, a well stocked and updated library with nearly thirty five thousand books, varied schemes of scholarships for learners, seminars and conferences, grievance redressal mechanism, wide range of CCA activities—Jagiroad College is uniquely poised to scale higher in the contours of Higher Education of Assam. The institution has all along been trying to evolve its own quality-sustenance mechanism in its pursuit to achieve academic excellence. The college has been able to yield B+ in the second cycle of its assessment by NAAC, goading all of us to undertake a fresh view of all our responsibilities for its future advancement, and in this regard all the guidelines cum parameters regarding quality set by the NAAC would act as a polestar.

**Important :**

- a) Higher Secondary Programme at Jagiroad College is conducted under the guidelines and rules framed by the Assam Higher Secondary Council(AHSEC).
- b) Three Year Degree (Semester) Programme in Arts, Science and Commerce are conducted under the rules and regulations of the Gauhati University, Guwahati. These programmes are recognized under Section 22 of the UGC Act 1956.
- c) The Master in Tourism Management (MTM) and PGDCA programmes have also been approved by the Gauhati University.
- d) The vocational course in Computer Science is approved by the Assam Higher Secondary Education Council. The vocational courses of Computer Applications and Tourism and Travel Management have similarly been approved by the Academic Council of the Gauhati University.
- e) The programmes delivered through distance education mode by the IDOL, KKHSOU and the IGNOU are approved by Universities and they are run under the strict guidelines and rules of the Universities.
- f) The term "Programme" is used here in consonance with the ongoing process of reforms and changing paradigms of Higher Education in India. It generally refers to the earlier concept of a "Course". A "Course" conveys the title and components of compulsory and optional papers under a "Programme." We have used the term in a flexible way which while retaining the gamut of meaning of earlier terminology simultaneously covers the ambit of the Subject and its components. This has been done so that the use of the term "Programme" does not create confusion among parents, guardians and students who are accustomed with the earlier notion of a "Course."

**Higher Secondary Programme Options: Subjects in which Courses are offered**

**Subjects offered in Arts Stream**

English\*, MIL (Assamese, Bengali, Hindi, Bodo, Alt. English), Environmental Science, Economics, Political Science, Education, Geography, History.

**Subjects offered in Science Stream**

English\*, MIL (Assamese, Bengali, Hindi, Bodo, Alt. English), Environmental Science, Physics, Chemistry, Mathematics, Biology.

## INTERNAL QUALITY ASSURANCE CELL

The IQAC is the nodal unit for augmenting quality related activities of a higher educational Institution. Its prime objective is to develop a system for conscious, consistent and catalytic programmed action to improve the academic and administrative performance of the college. Through different cells, IQAC takes care of the activities like career guidance to students, arranging skill training, creating awareness, gender equality, grievance redressal, social responsibility, and facilitating the placement of students. It also collects feedback responses from the students and other stakeholders, analyse them to improve the overall quality for the better future of the institution. It encourages innovative changes, encourages training to built up competence, augments participation in the creation of learner centric environment conducive for quality education. Moreover dissemination of information on the various quality parameters of higher education; organization of institutional workshops, seminars on quality related themes and promotion of circles, documentation of various activities, leading to quality improvement, adaptation and dissemination of good practices, development and maintenance of institutional database for the purpose of maintaining and enhancing the institutional quality, preparation of the annual quality assurance report(AQAR) is also carried by it. Jagiroad College has already an established IQAC under the leadership of the present principal. It has undertaken a good number of programmes in order to install a quality culture and promote consciousness among sections of its all stakeholders.

Coordinator : Dr. Utpal Rajguru, Associate professor, department of Zoology.

## TEACHING-LEARNING AND EVALUATION

Jagiroad College has carved a niche for itself through evolution and continuous upgradation of its teaching-learning standards by setting and developing its own benchmarks. The fairness, transparency and qualitative edge of its teaching-learning ambience have been sustained through the College's endeavour to recruit teachers having sound academic background, good potential and enthusiasm by the College authority since its inception. The quality of its teachers can be gauged from the relatively younger average age of incumbents, diverse socio-economic and cultural backgrounds, wide array of specializations, gender parity, readiness and acceptance of innovative teaching-learning mechanisms, diverse research interests and studies, empathetic towards students belonging to socio-economically marginalized and disadvantaged communities, promotion of social and cultural harmony, close contact with alumni, community orientation and an urge to accept fresh challenges and transcend boundaries in pedagogic practices and orientations. The NAAC's assessment and accreditation report amply highlighted this cardinal aspect of Jagiroad College. The experience, knowledge and skills of the teaching staff have together erected a foundation for undertaking experiments and sustained application of the best of the "traditional" and "indigenous" teaching-learning mechanism and ICT based newer mechanisms Jagiroad College has been especially successful in assiduously building up a reputation for its transparent, unbiased, fair and continuous

assessment and evaluation mechanisms. It strictly adheres to all the relevant examination rules and regulations of the Assam Higher Secondary Council, Gauhati University and IGNOU. The Annual Examination of Higher Secondary First Year is conducted strictly in accordance with the rules of the AHSEC.

## COMMUNITY ORIENTATION AND SOCIAL RESPONSIBILITY:

Jagiroad College has inculcated a good culture of being involved in community oriented activities. The College has been in the forefront of assisting flood marooned people of the surrounding rural areas. A number of its staff were actively involved in organizing health camps, providing relief to the people in remote villages, distributing books, organizing free coaching for teachers and students of schools, conducting socio-economic surveys, counseling students besides being associated with community based organizations.

The IQAC of the College adopted one village at Sonaikuchi, near Meghalaya boarder. The College community already visited the Village and surveyed it taking different parameters. Few aids in the form of kind was distributed to the villagers in the month of December, 2013.

The Extension Education Cell of the College actively engaged in various extension and community related services. The cell already organized an extension programme at 'Jagi Kalpataru Puthibharal aru Krishti Chora' at Jagi village, where two resource persons from the College delivered lectures on the topic 'Women Empowerment'. The cell also took initiative to plant saplings in and around the College campus.

## RESEARCH

The teaching staff of the College are actively engaged in varied research studies in a wide array of areas of Humanities, Social Sciences, Physical Sciences, Mathematics, Biological Sciences under various departments of studies of Gauhati University, Assam University, NEHU, Dibrugarh University and IITG and a number of them have already been awarded M.Phil and PhD degrees. A number of teachers are also actively involved in research under UGC, ICSSR and DST grants (both minor and major research projects). The College is in the process of establishing departmental/inter-departmental research committees to foster the culture of research in the institution.

## STUDENTS' SUPPORT AND PROGRESSION

### Career Guidance, Counselling and Placement

The counseling of students has traditionally been a part of teaching-learning mechanisms and practices of Jagiroad College. Most of the teachers offer and are adept in close and intimate counselling on academic and career related matters especially to students enrolled in Major Courses and Career Oriented Programmes. The College has an Information, Career Guidance and Counselling Cell (ICGCC) through which the students have been given guidance at regular intervals. Though the College at present does not have a formal structure of a separate Placement Cell, the ICGCC has in the past organized several placement workshops, interactive sessions with some farms and agencies of both the state and outside it. The College envisages having a permanent Placement Cell integrated with the ICGCC in near future.

### Scholarships and Awards

- ★ ST, SC, OBC, Minority and National Merit scholarship for such category of students are offered by the Govt. of Assam on submission of application in prescribed forms.
- ★ Awards are offered to meritorious students topping the H.S., and TDC students, from the College authority and Jagiroad College Teachers Unit.
- ★ Best Graduate Award is offered to the student on the basis of his/her all round performances (examinations and co-curricular activities).
- ★ There is provision to support the meritorious and economically backward students with financial assistance, books, uniform etc. Arrangement for scholarship (both from Government and Non-government organizations) will be made by the College authority. Study loans for needy students may also be arranged - subject to clearance of Bank's formalities.

## INFRASTRUCTURAL AND CCA FACILITIES

### Classroom Blocks and Buildings:

Jagiroad College offers adequate and updated infrastructure for all internal stakeholders. The College houses three beautiful classroom blocks for students of Arts stream. Two of them are christened as the Kalyani and Kapili Blocks after the two perennially flowing tributaries of the Brahmaputra. The third one has been newly set up by the side of the Central Library. It is conveniently situated along with the four academic departments viz. English, History, Political Science and Economics. The Killing Block houses the distinctively updated laboratories, classrooms and departmental common rooms of teachers of the Science Stream. The Mayang Block houses the IGNOU study Centre and classrooms for Major subjects. The Commerce Block facilitates the Class rooms for the Teachers and Students of the Commerce Stream. A multi-storied building has also come up, commonly known as the Maths-Geo Building, to cater to the growing needs of the Mathematics and Geography departments. This Block also facilitates the Laboratory for the Pulp and Paper Technology programme. Construction and renovation works are also going on to facilitate class rooms for Retail Management and Acting courses under B. Voc. scheme.

Boys' Common Room, Gym and NCC offices are located just behind the Commerce Block. Dr. Subhas Saha Memorial Block accommodates common rooms of a few Arts stream departments.

Two floors have newly been constructed from GDA grants of UGC to facilitate class rooms for Community College courses as well as other subjects. A beautifully decorated and well furnished Seminar Hall is constructed on the top floor in the same building for in-house regular and occasional meetings and similar activities. Education department is shifted to this building from the Dr. Subhas Saha Block and a separate room is allotted for their laboratory activities. Tourism and Computer departments are accommodated in the building constructed under Buniyad Scheme of gov. of Assam. Ethnic museum existed in the first floor of this building is now renovated with installation of some new additional items with minor renovations/repair of earlier items.

### The Central Library:

The Central Library houses a spacious reading hall and reading rooms for teachers and Major Course students. It has a rich collection of books including journals and magazines, CDs etc. Books are being regularly purchased on recommendations of the Faculty members. Computerizations of its services are well under way. The library has recently undergone some renovation works to ensure a cosy environment for its users. Following necessary renovation works, the Library now provides separate sitting arrangements for the boys and the girls. With sophisticated furnishings, the Library also has provision of a reading room for the faculties, a circulation section and a separate periodical section.

Internet Connectivity is provided with 10 numbers of Computers connected through N-Computing and placed just behind the main entrance gate for easy accessibility by the students and other staff. Reprographic facility is also provided in the same location.

**Book Bank scheme of the College Library:** The College Library has introduced the Book Bank facility (for H.S. and undergraduate level students) as one of the students' support measures. The Book Bank lends text books and reference books to the specially meritorious students and to those coming from the economically backward families. The facility has been further developed with enrichment through donated books from the internal stakeholders of the college (teachers, members of the non-teaching staff and the students). Willing students may contact the Librarian for necessary details.

### Computer Centre:

The College has four sophisticated computer Lab (including a computer Center as Language Lab) with 46 computers for running the PGDCA, Degree level Vocational course and other short term courses for students. All the Laboratories are configured by two online UPS. Laboratory wise Windows XP, Windows 7 and Ubuntu Operating System have been installed in the Computers.

### Ethnic Museum:

A unique ethnic museum is being developed by the teachers of the College and it is located in the expanded section of the Central Library. A new museum building is under construction in front of the central library.

**Departmental Libraries:**

Every department of study of the College has a separate library of its own. Books are issued to both teachers and students specially of Major Courses and reference books.

**Conference Hall:**

The newly built Conference Hall and Conference Room of the college are active centres for holding brainstorming sessions among the staff and the students.

**Auditorium:**

A sprawling 8000 sq. ft. auditorium has come up for smooth organization of events and activities throughout the session.

**Hostels:**

The Swapna Majika triple storied Girls' Hostel with an intake capacity of 80 offers excellent facilities of easy and comfortable stay. The Zoon Beel R.C.C. Boys' Hostel with an intake capacity of 50 students also provides a pleasant and cosy environment for academic pursuits to its inmates.

**Purified and cold drinking water facility:**

The college has been providing clean, pure and cold drinking water facilities to all the students and all other internal stakeholders.

**Uninterrupted Power Supply:**

The college has installed a solar power plant in order to facilitate uninterrupted power supply throughout the campus.

**Digital Class Rooms :**

The college authority has introduced digital class rooms with smart boards in two class rooms and one seminar room of the college to facilitate updated and smooth teaching-learning mechanism.

**Boys' and Girls' Common Room :**

The college has provided spacious Boys' and Girls' common rooms with attached toilets and necessary amenities.

**Gymnasium:**

The college has a sixteen station multi gymnasium near the college auditorium. It also houses the yoga centre of the college.

**Canteen:**

The College authority has set up a good canteen that offers its services to the students and staff of the College.

**Open Air Sitting Places**

The College offers a serene open air tree covered sitting space for students inside its premises. A lush green lawn is also being prepared for holding of open-air sessions. The Annual Debate among the contestants of JCSU office bearers is an attractive event-traditionally held every year in the grass carpeted lawn.

**N.C.C.:**

The Jagiroad College NCC Unit, functioning since 1984, is an active cadets Unit. The Cadets participate in Annual Training Camp, Army Attachment Camp, Combined Annual Training Camp, National Integration Camp, Sainik Camp, Republic Day camp etc quite regularly. It develops unity and discipline, tolerance and endurance, officer like qualities etc among its cadets.

**N.S.S.:**

The College N.S.S. unit set up in 1988, has been organizing programmes on themes like 'Clean your Locality', 'Green your Locality', 'Clean your Campus', 'Green your Campus', besides holding awareness programmes on topics of various public.

**Scouts and Guides:**

The College also has a unit of the Bharat Scouts and Guides functioning since 2004, which aims at developing a spirit of service, good character and good health among the members.

**Jagiroad College Students' Union:**

The union body of the students is constituted by holding a democratic election among the students. It plays an active and collaborative role in fulfilling the aims and objectives of the Institution.

## GUIDELINES FOR STUDENT'S ENTITLEMENT

These guidelines have been issued by the University Grants Commission (UGC) in order to help students, teachers, administrators and Institutions understand what the minimum entitlements of the students are. These guidelines apply to all the colleges and universities in the country (this expression includes every Institutions of higher education even if it is not called college/university) without any exception. It shall be mandatory for every college/university to publish the present Guidelines in full in its Prospectus and also post it on the homepage of its website.

Fulfillment of these entitlements imposes obligations on educational institutions, administrators, policy makers teachers and students themselves. If these obligations are not met, a student can approach the Grievance Redressal Authority or the Ombudsman. Any serious or persistent violation of these Guidelines can be brought to the notice of the University Grants Commission and can be the basis of punitive action against the offender.

Some of the provisions stated here are already covered by existing laws or Rules and Regulations of the UGC. But the students shall continue to enjoy all the right under existing laws, rules and regulations which may not have been mentioned in these Guidelines.

### 1. Admission

- 1.1. An announcement or advertisement for any course of study must clearly specify whether the degree granted is notified by the UGC and other relevant statutory authorities [Under Section 22 c of the UGC Act, latest list available at the UGC website] and whether the university that awards the degree figures in the list of universities maintained by the UGC (available at the UGC website).
- 1.2. A student seeking admission is entitled to a document (usually called 'Prospectus') that specifies the curricula including syllabi, names and academic profile and status of the faculty, mode and frequency of evaluation, duration of the course, academic calendar, comprehensive information about fees or charges of any kind, and refund rules. The information given in the prospectus should not be changed to the disadvantage of the student during the course of study; any change if necessary must be communicated to each student individually spelling out reasons for such a change.
- 1.3. The Prospectus must spell out exactly the process and criteria for admissions. This includes weightage given to previous academic performance, entrance examination and Interview. The syllabi and format of the entrance examination must be spelled out. The final scores of each candidate who appeared for entrance examination including all the components and the entire waiting list must be made public.
- 1.4. Information about any reservations or quota for any category, the eligibility criteria for these reservations/quotas, certificate required for seeking admission under these must be stated clearly in the Prospectus.
- 1.5. The student must not be asked to produce documents which have not been mentioned in the Prospectus. While the institution can ask the student to produce the original documents (such as School Leaving Certificate, Marksheet, Caste certificate) for verification, they cannot retain any original documents of any students. [As notified by UGC on 23<sup>d</sup> April 2007, F. No. 1-3/2007 (CPPII)]

### 2. Quality of teaching and learning

- 2.1. It is the responsibility of the college/university to help the students develop their learning skills by facilitating the creation of learner centric environment conducive for quality education. The students are entitled to receiving instruction and reading material in all the languages allowed by the Institution as a medium of instruction or examination.
- 2.2. The students who begin with a difficulty due to social handicap or a shift in the medium of instruction are entitled to special support to bridge the gap.

- 2.3. The students are entitled to availability and presence of quality teachers for fulfillment of the specified number of teaching days and contact hours for each course and completion of syllabus on time. [UGC Regulations on Minimum Qualification of Teachers ... 2010]
- 2.4. The students are entitled to reasonable access to facilities, services and resources including library (that stocks textbooks, reference books, journals, e-resources), laboratories, and ICT facilities in the languages permitted as medium of instruction or examination.
- 2.5. - 4.4. The students are entitled to a reasonable access to adequate, clean and hygienic hostel/residence accommodation that provides basic amenities including recreational facilities. Such accommodation should be affordable and must not be utilized by the institution for profit making. Accommodation meant for students must not be encroached upon by the institution for any other purpose.

- 4.5. Student with disability are entitled to access to all schemes, facilities and services in the university without discrimination. The college/university shall strive towards a universal design of learning based curriculum that can address the needs of the broadest possible range of students by minimizing barriers and maximizing learning for all students. The college/university shall provide barrier free access, special library resources (including Braille and ICT resources), provisions for sign language interpreter/transcriber, the required equipment's and electronic resources and the required relaxation in examination to all students with disability. [Person with Disabilities (Equal Opportunity, Protection of Rights and Full Participation) Act, 1995; UGC D.O.No.F-6-112006(CPPII), F.No.6- 112012(SCT) ]
5. The students are entitled to non-discriminatory treatment (in the sense of absence of harassment, victimization or exclusion) in every aspect of institutional functioning. Any discrimination based on caste, gender, creed, colour, race, religion, place of birth, political conviction, language and disability shall be prohibited.
  - 5.1. In particular, institutions shall not discriminate against students belonging to Scheduled Caste and Scheduled Tribes and racial profiling of students from any region or ethnic group. [UGC (Promotion of Equity in Higher Educational Institutions) Regulations, 2012]
  - 5.2. The students are entitled to protection from sexual harassment by complaining to the Gender Sensitization Committees against Sexual Harassment. It is mandatory for each college/university to constitute and publicize this committee as per the Guidelines and norms laid down by the Hon'ble Supreme Court [Vishaka and Others Vs. State of Rajasthan and Others (JT 1997 (7) SC 384)]
  - 5.3. All students are entitled to protection from ragging in any form [UGC (Curbing the Menace of Ragging) Regulation, 2009]
  - 5.4. As democratic citizens, the students are entitled to freedom of thought and expression within and outside their institution. The college/university must allow space for free exchange of ideas and public debate so as to foster a culture of critical reasoning and questioning. College/university authorities must not impose unreasonable, partisan or arbitrary restrictions on organizing seminars, lecture and debates that do not otherwise violate any law.
  - 5.5. The students are entitled to forming associations and unions, directly electing their representatives to Students Unions and having their representatives on the college/university decision making bodies including internal quality assessment, grievance committees, Gender Sensitization Committees against Sexual Harassment and the Academic/Executive council. University/colleges shall evolve mechanisms for adequate consultations with students' representatives before taking any major decision affecting the students.
  - 5.6. The students are entitled to full and correct information about any institution of higher education in which they study or propose to study. Therefore, every college/university must disclose the following information on its website and Prospectus: status of the institution, its affiliation, accreditation rating, physical assets and amenities, membership of governing bodies and minutes of the meetings of bodies like Academic/Executive council, sources of income and the financial situation and any other information about its functioning necessary for a student to make a fully informed choice. (Section 4 (1) of Right to Information Act 2005)
  - 5.7. The students are entitled to redressal of their grievance by the Grievance Redressal Committee of the institution within 10 days of making a representation. If they are not satisfied, they are also entitled to an appeal to the Ombudsman of the University concerned for redressal within 30 days. (UGC (Grievance Redressal) Regulations, 2012)
  - 5.8. The UGC may issue instructions for proper implementation of these Guidelines.
